Congregation Name _____
Faith Tradition _____
Address _____
City _____ State _____ Zip Code _____
Contact Person _____ Phone _____
Email Address _____

Grant Details

Proposed Project(s) _____

Amount Requested _____

Source of Matching Funds _____

What is the full cost of the project, including equipment, labor and other expenses? _____

If applicable, what is the cost difference of incorporating energy efficiency improvements into this project? _____

Please describe the proposed project's need and its intended purpose.

Please detail the anticipated benefits of the project, including any anticipated monetary savings and reductions in energy use and emissions.

How will you use this project to further educate your congregation about Creation care?

If you've received a Matching Grant from us before, briefly describe your previous projects and the results of their implementation.

How has your congregation embraced Creation care? (i.e. describe your Creation care team, activities, educational and worship programs.)

If you need extra space, you can attach an additional Word document to your email application.

Download the Leadership Support Letter from our website to submit with your application. You should also attach project bids, engineering studies, relevant product specification sheets, and any other applicable documents (except your Energy Audit Report, which we have on file). Scan and email all of these materials with your application to info@gipl.org.

Please contact us if you have any questions about this application.
