

Presbyterian Student Center Environmental Stewardship Policy
Adopted December 3, 2012 by the Board of Directors

While we use our building and property to worship God, the way that we use our building and property can also be an act of worship. We believe that God is calling us to be good stewards of our facilities and to pay attention to the way that the use of our facilities impacts the ecology of God's creation.

To that end, we request that all groups that use our facilities abide by the following guidelines:

- Disposable cups, plates, bowls, and cutlery are not permitted. All groups may use the reusable cups, plates, bowls, and cutlery in the kitchen. Please wash them or load them into the dishwasher when you finish using them.
- Run dishwashers only when they are full.
- Disposable coffee cups are not permitted. All groups may use the ceramic mugs that belong to the PSC.
- Recycle all recyclable materials using the proper receptacles.
- Please make every effort to reduce the amount of waste that you bring into the building.
- Please turn off all lights before leaving the building, except for the small lamps by the front and back doors.
- To reduce food waste, we encourage you to send any leftover food home with students rather than leaving it in the refrigerator.

Thank you for helping us to be good stewards of God's Creation.
